

FISCAL NOTE

HB 1497 - SB 1749

March 30, 2001

SUMMARY OF BILL: Specifies that "health care practitioners" under the Governmental Tort Liability Act does not include emergency medical technicians.

ESTIMATED FISCAL IMPACT:

Local Govt. Expenditures - Cost Avoidance - Exceeds \$100,000

The October, 2000 state Supreme Court decision in Mooney v. Sneed affirmed the lower court's decision that EMT's and EMT-P's were health care practitioners and were not protected by immunity provisions of the Tennessee Governmental Tort Liability Act. This estimate assumes in the absence of the bill, local governments would have to purchase malpractice insurance for EMT's and EMT-P's that they employ. The cost of such insurance is estimated to be significant.
